**AMENDED PETITION**

Plaintiff Mary Doe, through her counsel W. James Mac Naughton and Ronald J. Eisenberg and Robert Schultz of Schultz & Associates LLP, alleges that at all times relevant to this action:

**Parties and Jurisdiction**

1. Plaintiff is an adult and competent woman residing in Missouri.
2. Mary Doe is not Plaintiff’s real name; Plaintiff needs to keep her real name confidential because this action involves her most intimate personal beliefs and she will be subject to personal attack for bringing this action.
3. Defendant Jeremiah Jay Nixon is the Governor of the State of Missouri.
4. Defendant Chris Koster is the Attorney General of the State of Missouri.

5. Defendants and their agents and officers are responsible for the enforcement of Missouri state law including the Religious Freedom Restoration Act, Mo. Rev. Stat. §§ 1.302 et seq. and the regulation of abortions set forth in Mo. Rev. Stat. §§ 188.015, et seq.

6. This court has jurisdiction under Mo. Rev. Stat. § 478.070.

7. Venue is proper.

### **Plaintiff's Pregnancy and Beliefs**

8. In or about mid February 2015, Plaintiff became pregnant with an “unborn child,” as that term is used in Mo. Rev. Stat. § 188.015(9).

9. The “unborn child” carried by Plaintiff was not “viable,” as that term is used in Mo. Rev. Stat. § 188.015(10).

10. For purposes of this Petition, an “unborn child” that is not “viable” is referred to as “Fetal Tissue.”

11. In or about March 2015, Plaintiff learned she was pregnant and began taking the actions necessary for the removal of her Fetal Tissue from her body (the “Removal Procedure”).

12. The Removal Procedure includes, but is not limited to, an “abortion,” as that term is used in Mo. Rev. Stat. § 188.015(1).

13. Plaintiff has deeply held religious beliefs (“Plaintiff’s Tenets”) that:

- a. Her body is inviolable and subject to her will alone; and
- b. She must make decisions regarding her health based on the best scientific understanding of the world, even if the science does not comport with the religious or political beliefs of others; and

- c. Her Fetal Tissue is part of her body and not a separate, unique, living human being; and
- d. She alone decides whether, when and how to proceed with the Removal Procedure; and
- e. She may, in good conscience, have an abortion without regard to the current or future condition of her Fetal Tissue; and
- f. She must not support religious, philosophical or political beliefs that imbue her Fetal Tissue with an existence separate, apart or unique from her body; and
- g. She must not support any religious, philosophical or political beliefs that cede to control to a third party over the Removal Procedure; and
- h. She must not support any religious, philosophical or political belief that promotes the idea Fetal Tissue is a human being or imbued with an identity separate, apart and unique from her body.

14. All of the actions Plaintiff took or did not take during the course of the Removal Procedure were substantially motivated by Plaintiff's Tenets, except to the extent her actions or inactions were required by the statutory preconditions to an abortion set by Mo. Stat. Rev. §§ 188.027.1(2) and 188.027.3.

#### **The Statutory Preconditions to an Abortion**

15. By operation of Mo. Rev. Stat. §§ 188.015, et seq., an abortion must be performed by a licensed physician subject to certain preconditions.

16. Mo. Rev. Stat. § 188.027.3 requires that, as a precondition for an abortion and as part of the Removal Procedure, "[t]he physician who is to perform or induce the

abortion or a qualified professional shall provide [Plaintiff] with the opportunity to view at least seventy-two hours prior to the abortion an active ultrasound of the unborn child and hear the heartbeat of the unborn child if the heartbeat is audible.”

17. The active ultrasound described in Mo. Rev. Stat. § 188.027.3 is referred to herein as the “Ultrasound.”

18. The opportunity to view an active ultrasound of the Fetal Tissue and hear the heartbeat of the Fetal Tissue if the heartbeat is audible is referred to herein as the “Audible Heartbeat Offer.”

19. The seventy-two hour period described in Mo. Rev. Stat. § 188.027.3 is referred to herein as the “Waiting Period.”

20. Mo. Rev. Stat. § 188.027.12 provides that if “the provisions in subsections 1 and 8 of this section requiring a seventy-two-hour waiting period for an abortion are ever temporarily or permanently restrained or enjoined by judicial order, then the waiting period for an abortion shall be twenty-four hours.”

21. For purposes of this Petition, the twenty-four hour waiting period described in Mo. Rev. Stat. § 188.027.12 is included in the definition of the Waiting Period.

22. Mo. Rev. Stat. § 188.027.1(2) requires that prior to obtaining an abortion and as part of the Removal Procedure, Plaintiff be given printed materials prepared by the Missouri Department of Health and Senior Services (“Department”) that

describe the probable anatomical and physiological characteristics of the unborn child at two-week gestational increments from conception to full term, including color photographs or images of the developing unborn child at two-week gestational increments. Such descriptions shall include information about brain and heart functions, the presence of external members and internal organs during the applicable stages of development

and information on when the unborn child is viable. The printed materials shall prominently display the following statement: “The life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being.

23. The information described in Mo. Rev. Stat. § 188.027.1(2) is printed and distributed by the Department in a booklet, a copy of which is attached as Exhibit A (“Booklet”).

24. The Ultrasound, Audible Heartbeat Offer, Waiting Period and Booklet promote the religious belief promulgated by the State of Missouri that “[t]he life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being;” (the “Missouri Tenet”).

25. The Ultrasound, Audible Heartbeat Offer, Waiting Period and Booklet cause doubt, guilt and shame in a pregnant woman who does not believe the Missouri Tenet.

26. The purpose and effect of the Ultrasound, Audible Heartbeat Offer, Waiting Period and Booklet is to discourage a pregnant woman from getting an abortion.

**Planned Parenthood’s Implementation  
of the Missouri Tenet**

27. The only place in Missouri where a woman can legally get an abortion is at Planned Parenthood of the St. Louis Region and Southwest Missouri, in St. Louis City, Missouri (“Planned Parenthood”).

28. As a precondition to providing an abortion and part of the Removal Procedure, Planned Parenthood gives the Booklet to a pregnant woman and requires her to acknowledge its receipt in writing.

29. As a precondition to providing an abortion and part of the Removal Procedure, Planned Parenthood requires a pregnant woman to have the Ultrasound and receive the Audible Heartbeat Offer.

30. As a precondition to providing an abortion and part of the Removal Procedure, Planned Parenthood requires a pregnant woman to wait three (3) full calendar days after receiving the Ultrasound, Audible Heartbeat Offer and Booklet before providing an abortion on the fourth calendar day.

31. By adhering to the Ultrasound, Audible Heartbeat Offer, Waiting Period and Booklet preconditions, Planned Parenthood implements and gives its imprimatur to the promotion of the Missouri Tenet.

### **The Removal Procedure**

32. Starting in March 2015 and as part of the Removal Procedure, Plaintiff began gathering the information and money necessary to get an abortion.

33. Plaintiff was a resident of Greene County and learned she would have to travel to St. Louis to get an abortion.

34. Plaintiff learned the Waiting Period required her to stay in St. Louis for at least four (4) calendar days and she needed to make arrangements for her lodging in St. Louis for the duration of the Waiting Period.

35. Plaintiff learned she would be required to get the Ultrasound and receive the Audible Heartbeat Offer as a precondition of getting an abortion.

36. Plaintiff learned she would have to pay Planned Parenthood for the cost of the abortion, which included the Ultrasound and Audible Heartbeat Offer.

37. In March and April 2015, Plaintiff worked to earn the money necessary to pay for:

- a. The cost of traveling to St. Louis; and
- b. The cost of the abortion, including the cost of the Ultrasound and Audible Heartbeat Offer; and
- c. The cost of lodging for the duration of the Waiting Period; and
- d. Other necessary costs of the Removal Procedure.

38. Plaintiff had to work approximately fifteen (15) hours to earn the money necessary to pay for the Ultrasound and Audible Heartbeat Offer.

39. Plaintiff had to work approximately thirty (30) hours to earn the money necessary to pay for the lodging she would need for the duration of the Waiting Period.

40. The approximately forty-five (45) hours Plaintiff worked to earn the money necessary to pay for the Ultrasound, the Audible Heartbeat Offer and lodging costs for the Waiting Period was time spent solely to enable Planned Parenthood to provide an abortion that complied with Mo. Rev. Stat. § 188.027.3.

41. Mo. Rev. Stat. § 188.027.3 thus caused Plaintiff to devote approximately forty-five (45) hours of her life to finance the promotion of the Missouri Tenet to herself, a religious doctrine she does not believe.

42. Mo. Rev. Stat. § 188.027.3 required Plaintiff to engage in conduct in March and April 2015 that restricted Plaintiff's free exercise of Plaintiff's Tenets because Plaintiff was required to:

- a. Cede control to the State of Missouri over when and how she would get an abortion; and

b. Cede control to the State of Missouri over how she would spend the approximately forty-five (15) hours necessary to earn the money required to pay for the Ultrasound, Audible Heartbeat Offer and Waiting Period; and

c. Earn money necessary to promote to herself that the Missouri Tenet is true.

43. On May 7, 2015, Plaintiff traveled by bus from Greene County to St. Louis.

44. On May 8, 2015, Plaintiff went to Planned Parenthood and asked Planned Parenthood for an abortion. At that time, Plaintiff delivered a letter to Planned Parenthood, a copy of which is attached as Exhibit B (the "Letter").

45. The Letter states in pertinent part:

The State of Missouri claims a compelling interest in ensuring my choice to obtain an abortion is informed, voluntary, given freely and without coercion. To that end, the State of Missouri requires you to provide me with information prepared by the Missouri Department of Health and Senior Services (the "Department") that prominently displays the following statement "The life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being" (the "[Missouri Tenet]"). It is my deeply held religious belief that the [Missouri Tenet] is merely a political and religious statement and not based on the best scientific understanding of the world.

The information related to the [Missouri Tenet] is delivered in a booklet prepared by the Department (the "Booklet"). I have already reviewed the Booklet. It makes clear that a fetus is not able survive outside my body as an independent human being prior to twenty-six weeks after the first day of my last normal menstrual period. Please be advised that less than twenty-six weeks have elapsed since my last normal menstrual period. I give you permission to physically examine me to determine that my pregnancy is not in the third trimester as defined in the Booklet.

It is my deeply held religious belief an abortion does not terminate the life of a separate, unique, living human being. I therefore absolve you of any responsibility you may have to deliver the Booklet to me. I also absolve you of any responsibility you may have to wait seventy-two hours before

performing an abortion.

This letter is my statement that I chose to have an abortion today – now – and without further review of the Booklet. I make that choice voluntarily, freely, without coercion. I am informed to my satisfaction – both as a religious and scientific matter – that an abortion will not terminate the life of a separate, unique, living human being.

I respectfully request that you provide me with an abortion today.

46. By the Letter, Plaintiff gave her consent to Planned Parenthood give her an abortion without the Ultrasound, Audible Heartbeat Offer, Booklet or Waiting Period.

47. Notwithstanding its receipt of the Letter, Planned Parenthood refused to provide Plaintiff with an abortion unless and until:

a. Plaintiff acknowledged in writing that she had received the Booklet; and

b. Plaintiff received the Ultrasound; and

c. Plaintiff received the Audible Heartbeat Offer; and

d. Plaintiff waited for the Waiting Period.

48. Plaintiff had read the Booklet on or before May 8, 2015.

49. Plaintiff acknowledged receipt of the Booklet at Planned Parenthood on May 8, 2015.

50. Plaintiff had the Ultrasound and Audible Heartbeat Offer at Planned Parenthood on May 8, 2015 and paid for it.

51. Plaintiff declined the Audible Heartbeat Offer. She felt guilt and shame for doing so.

52. During the Waiting Period from May 9 to May 12, 2015, Plaintiff stayed in a motel in St. Louis and paid for it.

53. On May 12, 2015, Plaintiff returned to Planned Parenthood and had her abortion.

54. Mo. Rev. Stat. §§ 188.027.1(2) and 188.027.3 required Plaintiff, as part of the Removal Procedure, to take the following actions between May 8, 2015 and May 12, 2015:

- a. Acknowledge receipt of the Booklet; and
- b. Subject herself to the Ultrasound; and
- c. Subject herself to the Audible Heartbeat Opportunity; and
- d. Pay for the Ultrasound and Audible Heartbeat Opportunity; and
- e. Wait for three (3) calendar days at a motel in St. Louis; and
- f. Pay for three (3) calendar days lodging at a motel in St. Louis; and
- g. Get an abortion on May 12, 2015 instead of May 8, 2015.

55. The actions Plaintiff was required to take between May 8, 2015 and May 12, 2015 restricted Plaintiff's free exercise of Plaintiff's Tenets because Plaintiff;

- a. Subjected her body to the irrelevant and unwanted Ultrasound, Audible Heartbeat Offer in violation of her belief that her body is inviolable and subject to her will alone; and
- b. Subjected her body to the irrelevant and unwanted Ultrasound, Audible Heartbeat Offer in violation of her belief that she alones decides how and when to proceed with the Removal Procedure; and
- c. Subjected her body to a three (3) day stay in a St. Louis motel in violation of her belief that her body is inviolable and subject to her will alone; and

d. Subjected her body to a three (3) day stay in a St. Louis motel in violation of her belief that she alones decides how and when to proceed with the Removal Procedure; and

e. Suffered guilt, shame, expense and loss of liberty because she does not believe the Missouri Tenet; and

f. Ceded control to the State of Missouri over when and how she would proceed with the Removal Procedure; and

g. Paid for ceding control to the State of Missouri over when and how she would proceed with the Removal Procedure; and

h. Paid for the delivery to herself of the religious belief of the State of Missouri that the Missouri Tenet is true.

56. Mo. Rev. Stat. § 188.027(11) provides that it is a “compelling state interest” to ensure that Plaintiff’s decision to get an abortion is made “freely, voluntarily and without coercion.”
